## DETAILED ACTION

### *Reissue Applications*

1. The reissue oath/declaration filed with this application is defective because of the following:

- It fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 and MPEP § 1414.

2. A new set of properly underlined new claims added by reissue is needed.

In reissue, underlining and brackets (not strike through) are used and the changes are made relative to the original patent text (not relative to any prior amendment). In the amendment filed 08/23/2006, since claims 16, 82, 84-88, and 90-106 are added by reissue, these claims must be entirely underlined (no bracket or strike through).

2. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-82, 84-87 and 90-106 are rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

“Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant.”

See MPEP § 1414.01.
